Burnham Hydronics Announces New President and New V.P. of Operations

Lancaster, PA – Burnham Holdings, Inc. is pleased to announce the appointment of Christopher Drew as President of U. S. Boiler Company, Inc., “Burnham Hydronics”, and Paul Spradling as Vice President of Operations reporting to Chris Drew.

Chris joins Burnham Hydronics after holding a number of different positions within the Burnham Group. Most recently Chris served as President of Thermal Solutions where he helped lead Thermal Solutions through a period of rapid growth. Thermal Solutions is the Burnham Holdings company that designs and manufacturers high efficiency copper boilers.

Chris has twenty years of experience in the hydronics industry and was recently elected to the American Boiler Manufacturer Association (ABMA) Board of Directors. He holds a Masters of Business Administration from New York University’s Stern School of Business and a Bachelor of Arts degree from Dartmouth College.

Paul Spradling is filling a new position at Burnham Hydronics as the Vice President of Operations after serving as the President/Plant Manager for the Burnham Foundry in Zanesville, Ohio. In his expanded position, Paul will have operational responsibilities for all Burnham Hydronics manufacturing activities as well as continuing to provide support to the Burnham Foundry.

Paul holds a Bachelor of Science degree from the West Virginia Institute of Technology and serves as a past trustee for the Ohio Cast Metals Association.

In addition to Paul Spradling, reporting to Chris Drew in his new role as President of Burnham Hydronics are Dan Kelbaugh, V.P. Sales and Marketing, Mark Kendall, Director of Engineering, and Don Sheaffer, Financial Manager/Controller.

Burnham Hydronics, headquartered in Lancaster, PA, designs and manufacturers a complete line of hydronic heating equipment. For more information visit www.burnham.com or contact your local Burnham representative.
